

Walking Day – 18th June 2022

This year Chorley celebrates 200 years of Walking Day. This is a very special celebration for us, especially as covid restrictions have prevented us from walking during the past two years.

As well as it being a procession of witness, we would also like to make it an opportunity of celebration and thanks for coming out of the pandemic, and for the care that has been given and received in our community.

We would like to invite various other groups to take part to celebrate our community life (emergency services, civil dignitaries, NHS workers and other community workers.

To this end we propose not to be walking as individual churches but as groups (Mother's Union, uninformed organisations etc).

The Procession would assemble in **Cunliffe Street from 2pm on the 18th June 2022.**

We are looking for people to help with the marshalling during the walk. Please contact me if you need any further information.
